2019 FIDIC Awards - Call for nominations

Dear Colleagues, Dear Members,

Our annual FIDIC International Infrastructure Conference is fast approaching. At this year's conference, taking place from 8-10 September 2019 in Mexico City, FIDIC will announce the winners of our 2019 Project Awards and **our brand-new FIDIC Membership Association Excellence Awards** at the FIDIC Gala Dinner at the Presidente InterContinental on Monday, 9 September 2019.

We have the pleasure to announce that the call for entries for the 2019 FIDIC Project Awards is now open!

We are also delighted to invite nominations for our brand-new FIDIC Member Association Excellence Awards. These awards have been developed to recognise, reward and highlight the achievements and successes of our international Member Associations. We want to recognise the work you do representing the global consulting industry. The FIDIC Member Association Excellence Awards have five categories and will be awarded to celebrate the excellence of Members and how they operate in this ever-dynamic industry.

The five categories are as follows:

- Best advancement of a cause, advocacy campaign or event
- Best publication or website
- Best diversity and inclusion initiative
- Member Association of the Year
- Lifetime achievement / FIDIC Ambassador Award

All firms nominated for an Award are encouraged to present their project nominations at the next FIDIC International Infrastructure Conference in Mexico City. More information about the conference is available at www.fidic2019.org.

Details about the Awards, (including categories, eligibility, selection criteria, submission materials, judging, and deadlines) and the nomination forms are available by clicking the following links to the [Project Awards](#) and the [Member Association Excellence Awards](#). Should you wish more information, please contact Italo Goyzueta, FIDIC Deputy Director at igoyzueta@fidic.org.

We look forward to receiving Award nominations from all members.

Best regards,

Alain Bentéjac
FIDIC President
