

To the attention of FIDIC members

Dear colleagues,

I hope this message finds you all well.

I am pleased to share with you the call for nominations for the FIDIC Awards for 2019.

In addition to the traditional FIDIC Project Awards, this year FIDIC is also inviting nominations for our brand-new FIDIC Member Association Excellence Awards. These awards have been developed to recognise, reward and highlight the achievements and successes of our international Member Associations. FIDIC wants to recognise the work you do representing the global consulting industry.

The FIDIC Member Association Excellence Awards have five categories and will be awarded to celebrate the excellence of Members and how they operate in this ever-dynamic industry.

The nomination forms are available on the links included in the attached letter. Each Award category (Projects and MA awards) has its own link to access the respective nomination form available online. Please note that FIDIC will only consider nominations sent to the online platform within the established deadline.

More information is available on the FIDIC website at this [link](#).

We hope to receive nominations from all FIDIC member countries!

We look forward to seeing you in FIDIC Mexico City 2019! I take this opportunity to remind you about the extension of the early bird fees to register for Mexico 2019 until 23 June.

With best regards,

Italo Goyzueta

Deputy Director
